Curriculum

The MPA curriculum comprises core modules and a wide range of elective modules. Students are required to complete:

- Four core modules
- Two elective modules from the Public Management and Leadership specialisation area
- Four elective modules
- Governance Study Project

Governance Study Project

MPA students will have to undertake the Governance Study Project, a team-based module consisting of a study trip and a final conference that spans through 2 semesters. The GSP connects the beginning to the end of the MPA degree programme, requiring students to apply the knowledge and skills learnt in each module.

Through projects that are real public problems in the region, students will acquire skills related to analysis of complex managerial problems, basic research, and writing and other presentational modes. The GSP also aims for students to develop higher emotional intelligence, team building and a strong sense of cohort.

Core Modules

Core modules focus on imparting practical skills, disciplinary knowledge and interdisciplinary competencies that facilitate the work of policy practitioners, researchers, public managers and leaders. They include:

- The LKY School Course
- Economic Analysis
- Policy Analysis
- Public Management
- Governance Study Project

Elective Modules

Those who seek a broader Public Administration education must choose to read any four electives from over 60 modules. Students can choose from a new elective basket 'Evidence-Based Innovation Lab', which includes modules such as:

- Big Data, Official Statistics, and Public Policy
- Data Analytics: Science, Art and Applications

Students are also required to complete two elective modules from the Public Management and Leadership specialisation area.

Please visit the LKYSPP website for the full list of electives

Cross-Faculty Modules

Students may also register for up to two elective modules offered in other postgraduate programmes, such as Business Administration, Economics, Political Science and Southeast Asian Studies.

Double Degree

Qualified students can pursue double degrees with the NUS Business School and the NUS Faculty of Law. They include:

- Master in Public Administration and Master of Business Administration (MPA-MBA)
- Master in Public Administration and Master of Laws (MPA-LLM)

The LKY School Course

This 13-week module provides an in-depth study of the Singapore success story and Asia's development, which will supplement the school's pool of case studies that are highly relevant to the Asian context. Students can expect a discussion of public policies that have been the cornerstone of Singapore's development, covering topics such as Singapore's foreign policy successes, expansion of Singapore's economy and trade in the region. LKYSPP is especially well-placed to share the model of governance in Singapore and Asia, and our faculty members who teach this module include notable Singapore pioneers and luminaries. This module is compulsory for students of all master programmes.
