

# *Lunchtime Career Talk:*

## *Insights from the Energy and Environment Sector*

Dr. Ishani Mukherjee, PhD, Practice Lead (Sustainability), Global Counsel

**Synopsis:** Global and national environment and energy policies are undergoing a critical period whereby the focus on sustainability has become increasingly important. In addition, climate change as a result of land use changes and energy practices, are paramount issues that require robust interventions to sustain the natural environment, promote renewable energy and create resilient systems. Students who are interested to expand their knowledge on renewable energy are invited to participate in the lunchtime career talk with our alumni speaker, Ishani Mukherjee.

### **Our Speaker**

**Dr. Ishani Mukherjee, PhD**  
Sustainability Practice Lead at Global Counsel  
Research Fellow at the Institute of Water Policy and LKYSP, Singapore

Ishani Mukherjee's expertise include environmental and natural resource policy and management. She was the recipient of the World Future Foundation PhD Prize for Environmental and Sustainability Research in 2014. Widely published and awarded, her research interests combine policy design and formulation, with a thematic focus on policy instruments for environmental sustainability, renewable energy and energy efficiency, particularly in Southeast Asia. Previously, she has worked at the World Bank's Energy practice in Washington, DC, on formulating guidelines and evaluating projects related to renewable energy, rural electrification and energy efficiency. She obtained her B.Sc and M.Sc degrees in Natural Resources and Environmental Economics from Cornell University and received PhD in Public Policy from the Lee Kuan Yew School of Public Policy, with a focus on Environmental Policy.
