

# CAREER RESET

## STARTING POINT

---

### A 90 minute online session to gain clarity

Reflective career questions: examine one's current state, resources, challenges and commitment.

---

### Looking back to see possibilities

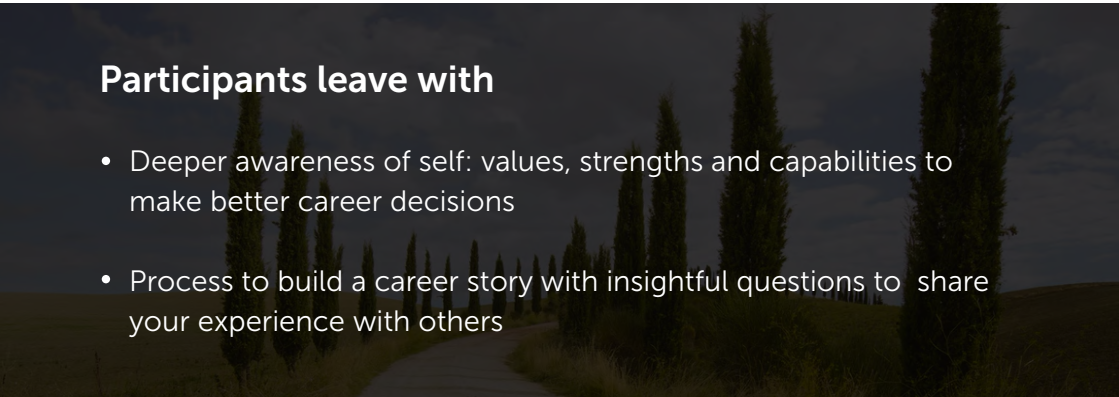

Review pivotal career events, experiences and capabilities to uncover patterns and make a more informed decision on next steps.

Examples would include: What have been your biggest career successes? What was a significant career blunder? From which boss or peer did you learn the most? What [work] values are non-negotiable?

### Inventory of values & uniqueness

Hindsight to gain insight-identify your preferences and possibilities for your next role. Can you vocalise your current strengths from patterns? In what sort of setting do you work best? Why?

### Participants leave with

- Deeper awareness of self: values, strengths and capabilities to make better career decisions
  - Process to build a career story with insightful questions to share your experience with others
-
