

EXECUTIVE EDUCATION

"A stimulating environment within which to challenge existing assumptions and develop new insights and perspectives to promote leadership."

Mr Kevin Nixon
Executive Director
Department of Foreign Affairs &
Trade, Australia
Senior Management Programme

"The programme is an eye-opener for anyone who wants to understand the complexity of policy formulation in Singapore. I would strongly recommend anyone from public service performing the role of planning and policy formulation to attend."

Mr Seetoh Cheng Kuok
Singapore Sports Council
Contemporary Policy Debates in
Singapore Programme

"Intense and informative; a terrific confluence of think-tank substance and real-world pragmatism. Great quality of both instructors and participants, and superb administrative efficacy too!"

Mr Tan Chih Sien, Kenneth
Assistant Chief Executive
(Assessment),
Media Development Authority,
Singapore
Senior Management Programme

"We chose to be trained at LKY School not just to learn from Singapore's strategic development practices but also from the region. Countries in Asia have experienced economic transition and development stages that Afghanistan is going through currently. We specifically chose LKY School as it has an Asian taste and you cannot find that elsewhere."

**Mr Zia – Yr – Rahman Haleemi
Abdul Halim Bursat**
Director
Budget Policy and Reform Unit
Ministry of Finance, Afghanistan

FOREWORD

Leaders in government, business and non-profit institution are often expected to make quick decisions under conditions of uncertainty – often with incomplete information. While relying on their heuristics and their organisations' routines may work well in stable contexts, in less predictable settings these mental shortcuts often lead to misdiagnoses and poor decisions.

Our Executive Education programmes provide leaders the opportunity to develop the skills to thrive in a complex, fast-changing world. They encourage critical reflection, impart valuable knowledge about the governance and policy making and create opportunities for learning across departmental boundaries and intellectual disciplines. Our diverse and international faculty helps to equip our students with multiple perspectives to make sense of the complexity they face. By integrating theory and practice, we help our participants achieve a deeper understanding of how they can be more effective managers, leaders and decision-makers.

Here, you can find information about our programmes with some ideas on how we might work with you to meet the needs of your organisation. We would very much welcome the opportunity to discuss these further with you.

Donald Low
Associate Dean, Executive Education & Research

Since we started in 2004, we have trained over 12,000 people from over 80 countries and territories in programmes that range from a few days to a few months. Our clients come from places as diverse as China, India, Russia, all over ASEAN, Afghanistan, Central Asia, the Middle East and beyond. Our programmes are customised around the needs of each client and focus on addressing real situations that have real impacts on organisations, service delivery and citizenry. We are committed to the value of education and seek consistently to deliver programmes of the highest caliber. We would welcome the opportunity to discuss with you how we can meet the needs of your organisation.

Louise Beehag
Executive Director, Executive Education

LEE KUAN YEW SCHOOL OF PUBLIC POLICY

The pursuit of good governance, sustainable economic growth and social progress is ongoing – yet has become more and more complex in a world reeling from global crises and challenged by increasing interconnectedness.

Against this backdrop, the Lee Kuan Yew School of Public Policy (LKY School), an autonomous professional graduate school of the National University of Singapore, offers decision makers and leaders the opportunity to step back, reflect, and strengthen their ability to adapt in an era of constant change.

Our Executive Programmes cater to the needs of time-constrained senior managers and professionals who wish to strengthen their managerial and technical knowledge and skills. Most of our programmes are custom-designed to meet the needs of client organisations, with the aim of delivering creative solutions to real policy and management challenges.

Our mission is to educate and train policy makers and leaders, with the objective of raising the standards of governance throughout our region, improving the lives of the people and, in doing so, contribute to the transformation of Asia.

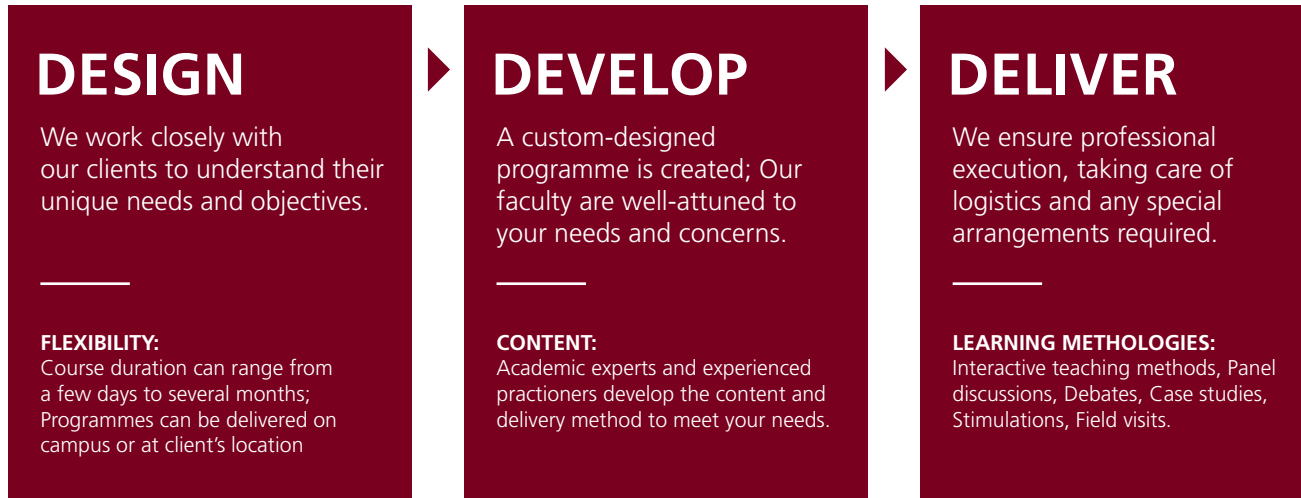

“This School is the venue for scholars, officials and students from the world over to gather, research, and exchange ideas on how societies are best governed in a globalising world. All participants will benefit from a rigorous study of policies that have succeeded and those that failed.”

Lee Kuan Yew
Former Prime Minister, Singapore
Distinguished Fellow, Lee Kuan Yew School of Public Policy

CUSTOMISED EXECUTIVE PROGRAMMES

We work closely with our clients to ensure the programme content and delivery is tailored to best suit their needs and objectives. Our customised programmes can be held for a few days or over several years. They are held at our training facilities in Singapore or at client venues around the world.

THE PROCESS

OUR THEMES

The LKY School's reputation for excellence rests on our strengths in public policy studies across a range of themes:

OUR EXECUTIVE PROGRAMME THEMES INCLUDE:

Public Management and Leadership

In a constantly changing world, leaders will be called upon to respond to change and envision the future, while steering the ship in the here and now. As managers, participants can learn about their roles and responsibilities in the design, implementation and evaluation of public programmes and policies, equipping themselves with an appreciation of the integrative, interdependent nature of organizations, their environments and their stakeholders. As leaders, participants will hone their understanding of what it takes to build and sustain effective teams that can transform vision into reality.

TOPICS INCLUDE:

- Anti-Corruption and Transparency
- Crisis Leadership and Management
- Human Resource Management
- Non-Profit Organisation Management
- Organisational Excellence
- Performance Management
- Stakeholder Engagement and Consultation
- Thriving in Complexity
- Values and Ethics
- Working with the Media

Policy Development

Great policymakers are driven to recognize policy challenges, gather evidence and data, recommend solutions and constantly evaluate effectiveness. Our policy development modules equip participants with the necessary analytical frameworks for crafting good public policy, from strategy to scenario planning. Drawing on lessons from the Singapore story and other successes in Asia, the policy development cluster provides a strong foundation in the policy planning cycle backed by proven tools and real world experience.

TOPICS INCLUDE:

- The Singapore Story
- Policy Design and Implementation
- Policy Innovations
- Politics and Policy
- Public-Private Partnerships
- State Enterprise Reform
- Strategic and Scenario Planning
- The Policy Process

Politics and International Relations

In a hyper-connected world, senior leaders need to have an appreciation of the global context in which they operate. From the rise of China as a global power to the uncertain regional futures engendered by the Arab Spring, from the opening of Russia's 'Far East' to the territorial disputes in the South China Sea, our courses, taught by leading experts in their fields, provide a solid grounding in the geopolitical realities which modern organizations must navigate to thrive in a globalized world.

TOPICS INCLUDE:

- ASEAN Integration
- Conflict Resolution and Negotiation
- Geopolitics
- Global Cities
- Globalisation and Its Impact
- International and Regional Security Challenges
- International Political Trends and Implications

Social Policy

As rising inequality in many countries around the globe threatens the fabric of the social contract, the role of social policy has steadily gained in importance. Now more than ever, an interdisciplinary understanding of the principles underlying government policy on healthcare, housing, education, labour and inequality are critical to the building of stable and productive society in which corporations and citizens can co-exist in harmony. Drawing on unique lessons from Singapore and around the region, our courses in Social Policy help to unpack and illuminate a complex field of relevance to managers and policymakers alike.

TOPICS INCLUDE:

- Ageing and Population
- Education Policy
- Healthcare Policy
- Poverty and Inequality
- Social Security Policy

Sustainable Development

Recent environmental crises have underlined the importance of environmental sustainability in policymaking. From electricity supply to motorized transport, from food production to real estate, our economic lives are intertwined with their environmental consequences. Our faculty experts in environmental economics, water management and energy security help to identify the mechanisms that can be used to promote sustainable development at the nexus of corporations, communities and countries.

TOPICS INCLUDE:

- Energy Security and Sustainability
- Transport Policy
- Urban Planning
- Water Management and Leadership

Economic Policy and Analysis

Economic analysis provides a critical toolkit for understanding the choices that we make as policymakers, executives, and members of society. Our courses help participants think creatively about the tradeoffs and complementarities facing policymakers in their pursuit of macro-economic stability, economic growth and poverty alleviation, as well the costs, benefits, risks and psychology of individual economic decisions in areas such as public finance and budgeting. Our faculty also have extensive experience in the economic policies and growth stories that have transformed the region, in areas ranging from agriculture and rural development to competitive clusters to financial and enterprise reform, helping to interpret the Asian growth story through fresh perspectives.

TOPICS INCLUDE:

- Competitiveness
- Cost-Benefit Analysis for Public Policy
- Economic Reasoning
- Public Finance and Budgeting
- Behavioural Economics

GLOBAL REACH

We have trained over **12,000 leaders** from over 80 countries.

The majority of our clients are from the public sector and we also run programmes for not-for-profit organisations and the private sector. Some of our clients include:

GOVERNMENTS

- Afghanistan
- Australia
- Botswana
- China
- India
- Indonesia
- Kazakhstan
- Mongolia
- Myanmar
- Singapore
- Sri Lanka
- Thailand
- United Arab Emirates
- Vietnam

NON-PROFIT SECTOR AND FOUNDATIONS

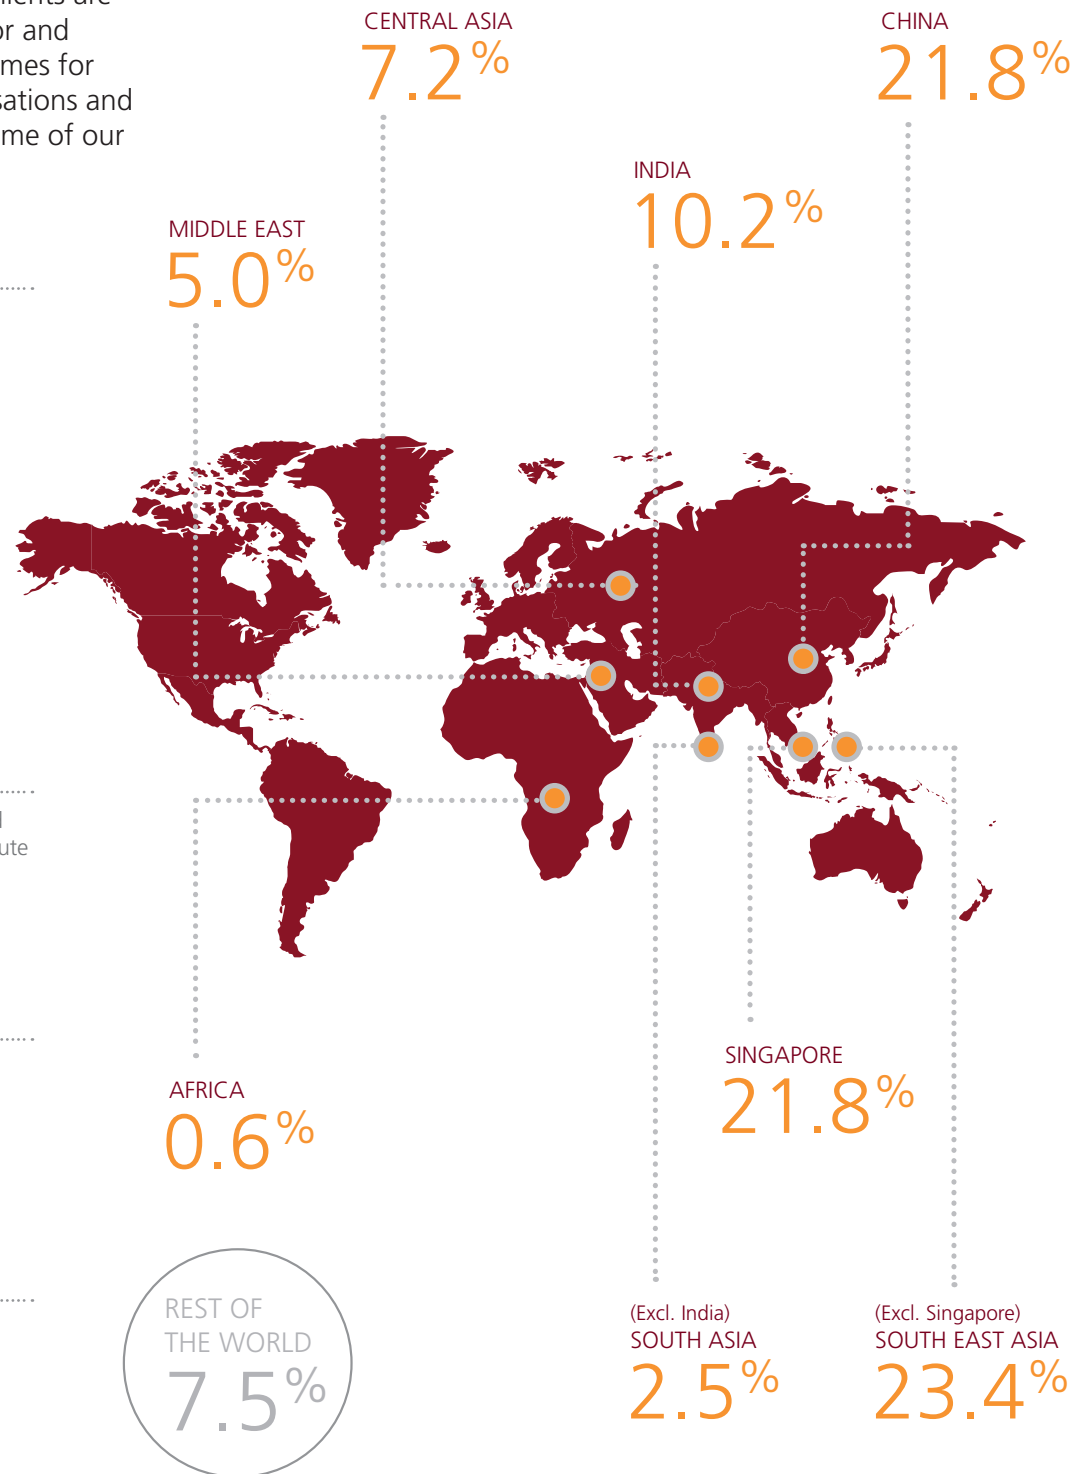

- Singapore Totalisator Board
- Social Service Training Institute
- Temasek Foundation
- The Asia Foundation

INTERNATIONAL ORGANISATIONS

- Asian Development Bank
- United Nations
- World Bank
- World Economic Forum - Young Global Leaders
- Oxfam

PRIVATE SECTOR

- General Electric
- GlaxoSmithKline
- Microsoft
- Sanofi Aventis
- Visa Worldwide Ltd
- Wilmar International

OPEN-ENROLMENT PROGRAMMES

The LKY School offers Open-Enrolment Programmes that cater to the needs of time-constrained senior managers who wish to refresh their managerial skills and knowledge of specific topics. Our Programmes also provide participants a conducive setting for substantive dialogue, problem-solving, and peer networking.

The **Essentials of Policy Development Programme** is offered for policy analysts, strategists and government professionals in policy functions. It introduces the main theoretical frameworks and tools used to analyse, develop, implement, monitor, evaluate and communicate public policies to those requiring introductory training in policy making and programme development.

The **Contemporary Policy Debates in Singapore Programme** examines how the policy and political landscape in Singapore is changing, and explores the policy and institutional ideas which the country may have to consider. It also provides participants without a background in public policy with the conceptual foundations to study, analyse and develop effective policies.

The **Ethical Decision-Making for Public Officials Programme** helps public officials identify ethical issues and value conflicts, equips them with the frameworks to weigh competing interests, and enhances their ability to communicate their decisions in ethically sound and defensible ways.

The **Value Negotiation for Public Administrators Programme** allows participants to increase effectiveness managing people and projects, and driving policy agendas. Negotiation, influencing and conflict management are critical skills in all dimensions of life and society. In particular, public administrators and leaders are constantly required to influence multiple stakeholders in order to get things done and to manage change and conflict.

OPEN-ENROLMENT PROGRAMMES (CONT'D)

SENIOR MANAGEMENT PROGRAMME

The flagship **Senior Management Programme** is specially designed for leaders to benefit from a rigorous study of policies, cases, framework and tools on multi-stakeholder governance.

PROGRAMME OBJECTIVES

The SMP provides government and business leaders the unique opportunity to step back from their day-to-day responsibilities and embark on a journey of intellectual and personal renewal to improve their performance as leaders in their respective organisations.

By attending this programme, SMP participants can expect to:

- ▶ Gain broader perspectives on complex public policy issues
- ▶ Acquire new strategic management approaches and leadership abilities
- ▶ Sharpen analytical skills for multi-stakeholder settings
- ▶ Establish a valuable network of global peers

WHO SHOULD ATTEND

The SMP is designed for senior executives and professionals in the government, non-profit and private sectors, who are poised to become the next-generation leaders in their organisations. The ideal SMP candidate should be a senior functional head or director of an organisational unit with at least 8 years of significant managerial experience.

Past SMP participants include senior executives and directors from Singapore, Australia, Botswana, China, Thailand, Brunei, Hong Kong, Malaysia, Nigeria, New Zealand, Estonia, Pakistan, India, Taiwan and Philippines.

THE LEARNING APPROACH

- ▶ Practical Application
- ▶ Networking & Interaction with global peers
- ▶ Exclusive Closed Door Dialogues
- ▶ Regular Feedback & Reflections

PROGRAMME FOCUS & CURRICULUM

The SMP facilitates participants to build on their strengths and thereby positively influence their organizations and their broader society. The programme provides in-depth treatment of organisational dynamics and clear understanding of the global forces that affect institutions and the world today.

To realise this objective, the SMP is designed and structured with two integral components: (i) three weeks of interactive sessions in Singapore, and (ii) one-week overseas experiential learning.

CONSULTANCY AND RESEARCH

The LKY School provides consultancy to governments and institutions to establish or strengthen their own public policy school, training centres or master degree programmes.

This includes advising on:

.....

Faculty Recruitment and Development

.....

Top Management Team Recruitment and Mentoring

.....

Master Degree Programme Development

.....

Infrastructure Design

.....

Research Strategy Development

.....

Executive Education Programme Development

.....

For example, since 2010, the LKY School has worked as a strategic consultant to Nazarbayev University in Kazakhstan to establish its new Graduate School of Public Policy.

We also undertake commissioned research including collaboration with the Asian Development Bank on topics such as Fiscal Decentralization, Natural Resource Management, Microfinance, Public-Private Partnerships in Water and Sanitation Sector and Health Sector Governance, and Microsoft and Oxfam on Secondary Cities and Information Technology for Development.

OUR FACULTY

Our trainers come from around the world and include LKY School faculty as well as eminent scholars and leading practitioners from across the region – such as current and former senior civil servants, diplomats and international subject specialists – each bringing with them significant experience and insights. Some of our faculty and associates include:

Naomi AOKI, Assistant Professor
Ph.D. in Public Administration,
Maxwell School of Citizenship and Public
Affairs, Syracuse University
*Public management reforms; decentralization
of governments; and collaborative governance
in disaster management*

CHEUNG Po Lo, Paul, Professor of Practice
Ph.D. in Social Work (Social Planning) and
Sociology (Demography), University of
Michigan
*Social work; social planning demography;
population studies; social sciences; income
growth and distribution; social stratification;
social analytics*

Eduardo ARARAL, Assistant Professor
Ph.D. (Public Policy) Indiana University-
Bloomington
*Decentralisation and federalism; Regulatory
policy; Sustainable development; Water
management, governance and policy; and
Infrastructure development*

Mukul ASHER, Professorial Fellow
Ph.D. (Economics) Washington State
University
*Ageing; Health policy; Pensions and social
security policy; Singapore social policy; Social
policy; Public sector finance and economics
in Asia*

Kanti Prasad BAJPAI, Vice-Dean (Research)
& Professor
Ph.D. in Political Science
*Asian security; China-India relations;
International security; International water*

Asit K BISWAS, Visiting Professor
Ph.D. (Engineering), D.Tech. (Honoris
Causa), University of Lund, Sweden
*Climate change; International water conflicts;
and water management, governance and
policy*

CHEN Jie, Yvonne, Assistant Professor
Ph.D. (Economics), Yale University
*Agriculture; China development
policy; Development policy; Health policy;
Water management, governance and policy*

CHEN Kang, Director (MPAM and Chinese
Executive Education) and Professor
Ph.D. (Economics and Applied
Mathematics), University of Maryland
at College Park
*Macroeconomic modelling;
economic reform and development; and
economic role of government*

Namrata CHINDARKAR, Assistant Professor
Ph.D. in Policy Studies, University of
Maryland
*International development; poverty
and inequality; water and energy; policy impact
evaluation; public health; and gender and
development*

Scott FRITZEN, Associate Professor
Ph.D. (Public & International Affairs),
Princeton University
*Governance and administrative reforms;
social policy reforms; capacity strengthening
in developing and transition countries;
anti-corruption strategies; and public sector
decentralization trends*

GU Qingyang, Deputy Director (MPAM),
Director (Chinese Executive Education) &
Associate Professor
Ph.D. (Economics) Nanyang Technological
University
*Chinese economy; Singapore economy; public
economics; administrative and public sector
reform; and economic policy analysis*

Donald LOW, Associate Dean (Executive
Education & Research) & Senior Fellow
*Singapore economy; Social policy; Behavioural
economics*

HENG Yee Kuang, Assistant Dean (Research)
& Associate Professor
Ph.D. (International Relations), London
School of Economics and Political Science,
UK
*Security risks in the age of globalization;
Singapore's experience of managing global
risks as a global city; 'soft' power strategies in
the Asia-Pacific, especially Japan and Singapore;
Great Power Politics; strategic studies and the
evolution of strategic cultures*

Michael HOWLETT, Yong Pung How
Chair Professor Ph.D. Queen's University
at Kingston; MA University of British
Columbia; B.Soc.Sci. University of Ottawa
*Public policy analysis; political economy; and
resource and environmental policy*

HUANG Jing, Professor and Director,
Centre on Asia and Globalisation
Ph.D. (Political Science), Department
of Government at Harvard University
*Chinese politics; China's foreign relations; and
security issues in Asia-Pacific Asian security;
Energy policy; Environmental policy and
economics; Sustainable development; and
Water management, governance and policy*

JOO Yu Min, Assistant Professor
Ph.D. (Urban and Regional Planning),
Massachusetts Institute of Technology
*Development issues and policy challenges
in non-Western countries; political and
social dynamics of development policymaking
in Asia*

HUI Weng Tat, Associate Professor
Ph.D. (Economics) Australian National
University
*Impact of globalisation on labour markets;
economic issues of migration, education,
ageing and retirement; and labour market
policies in Singapore*

Suzaina KADIR, Associate Dean
(Admissions & Academic Programmes) &
Senior Lecturer
Ph.D. (Political Science), University of
Wisconsin-Madison

*Religion and politics, with special focus on
Muslim politics in Southeast Asia and South
Asia; state-society relations and political
development in Asia, with special focus on
Southeast Asia; and regional security of
Southeast Asia with a focus on non-traditional
security issues affecting ASEAN such as
women's rights and the impact of religion*

KIM Hye-Won, Erin, Assistant Professor
Ph.D. in Public Policy, Duke University
*Ageing; Demography and population;
Family and Social policy*

Ashish LALL, Associate Professor
Ph.D. (Economics) Carleton
*Asian competitiveness; Growth and technology
in Asia; Regulatory policy; Trade, investment
and finance; Transport policy*

LI Hui, Assistant Professor and Research
Fellow, ACI
Ph.D. (Public Administration and Policy),
University of Georgia, USA
*Public budgeting and finance;
public administration; state and local
government budgeting and finance; and
performance management*

Kishore MAHBUBANI, Dean and Professor
in the Practice of Public Policy
MA, Dalhousie University
*Global governance; globalisation;
UN and multilateralism; America and the world;
global geopolitics; Asian values; political and
economic developments in Asia*

NG Kok Hoe, Assistant Professor
M.Phil./Ph.D. in Social Policy, The London
School of Economics and Political Science
(LSE)
Social policy; public policy; social work

Tikki PANG (Pangestu), Visiting Professor
BSc (Honours), Ph.D. (Australian National
University)
*Impact of genomics on public health; global
health governance; national health research
systems, knowledge translation, research
transparency & accountability, and the use of
evidence in health policy development*

PHUA Kai Hong, Associate Professor of
Health Policy & Management
Ph.D. in Social Administration - Health
Economics (LSE), SM in Health Services
Administration & Population Sciences AB
cum laude (Harvard)
*Comparative health systems; Health economics
and financing policy; Population ageing and
elder care issues*

Ora-orn POCHAROEN, Assistant Professor
Ph.D. (Public Administration), Syracuse
University
*Public management reforms; public
administration theories; organization theories;
comparative public administration; and public
policy analysis*

M. RAMESH, Professor
Ph.D., University of British Columbia
*Public policy and governance in Asia;
social policy*

Ramkishan Sundara RAJAN, Visiting
Professor
Ph.D. in Economics, Claremont Graduate
University
*International economics; market policies;
trade and investment; finance; taxation*

John RICHARDSON, Visiting Professor
Ph.D. (Political Science), University of
Minnesota
*Global development and resilience; conflict
development and sustainability; and applied
systems analysis*

Rahul SAGAR, Associate Professor
Ph.D. in Government, Harvard University
*Political science; political theory; international
relations; foreign policy; political ethics;
American politics; politics and society of India*

Razeen SALLY, Visiting Associate Professor
Ph.D., London School of Economics
*Political economy of international trade; Asia
in the World Economy; international political
economy; history of Ideas in political economy*

TAN Khee Giap, Associate Professor &
Co-Director, Asia Competitiveness Institute
and Chair, Singapore National Committee
for Pacific Economic Cooperation (SINCPEC)
Ph.D. (Economics) University of East Anglia,
England, UK
*Asian competitiveness; Singapore economy;
trade, investment and finance*

Kenneth Paul TAN, Vice Dean (Academic
Affairs) & Associate Professor
Ph.D. (Social and Political Sciences),
University of Cambridge, UK

*Asian creative cities and the culture industry
(focus on film, television, popular culture
and theatre); Liberalisation, democracy and
civil society; nation branding, soft power and
nation building; politics, society and culture
in Singapore ; Principles of public policy
and administration (focus on meritocracy,
pragmatism and public engagement); race,
gender and sexuality; spatial justice in Asian
cities*

Dodo J THAMPAPILLAI, Visiting Professor
Ph.D. (Economics), University of New
England, Australia
*Climate change; environmental policy and
economics; global economic crisis; sustainable
development*

Zeger VAN DER WAL, Associate Professor
Ph.D. (Public Administration), VU University
Amsterdam
*Performance management and public values;
public-private partnerships; good governance,
integrity policy, politics and administration in
Western Europe*

VU Minh Khuong, Assistant Professor
Ph.D. (Public Policy), Harvard University
*Information and communication technology
and economic growth; Asia's economic growth
and competitiveness*

WONG Marn Heong, Assistant Dean
(Academic Affairs) & Assistant Professor
Ph.D. (Economics) Australian National
University
*ASEAN economy; Asian economy; growth
and technology in Asia; trade, investment and
finance*

WU Xun, Associate Professor and Director,
Institute of Water Policy
Ph.D. (Public Policy Analysis) University of
North Carolina at Chapel Hill
*Corruption; energy policy; environmental policy
and economics; health policy; international
water conflicts; regulatory policy; water
management, governance and policy*

YEE Wai-Hang, Assistant Professor and
Research Fellow, ACI
Ph.D., University of Southern California
*Environmental policy and economics;
performance management and public values;
public-private partnerships; regulatory policy*

Sajjad ASHRAF, Adjunct Professor
Former High Commissioner of Pakistan to
Singapore

Paul A. BARTER, Adjunct Professor
Ph.D., Murdoch University, Australia.

Shreekant GUPTA, Adjunct Associate
Professor
Ph.D. (Economics), University of Maryland,
College Park, MD, USA

Peter HO, Visiting Scholar
Bachelor of Arts (Honours) in the
Engineering Tripos and Master of Arts,
University of Cambridge, United Kingdom

Parag KHANNA, Adjunct Professor
Ph.D., London School of Economics

KHOO Teng Chye, Adjunct Professor
Executive Director, Centre for Liveable Cities

LAM Chuan Leong, Adjunct Professor
Ambassador-at-Large, Ministry of Foreign
Affairs Singapore
MBA, Harvard Business School

LIM Chuan Poh, Adjunct Professor
Chairman, Agency for Science, Technology
and Research (A*STAR)

LIM Jim Koon, Adjunct Professor,
Editorial Advisor, Lianhe Zaobao

LIM Siong Guan, Adjunct Professor
BEng (1st Class Hons) Mechanical
Engineering, University of Adelaide,
Australia

LIU Thai Ker, Adjunct Professor
Honorary Doctorate, University of New
South Wales

Jonathan MARSHALL, Adjunct Associate
Professor
Ph.D. (Counselling Psychology) Stanford
University

Baskaran NAIR, Adjunct Associate
Professor MA, University of Hawaii

John PALMER, Adjunct Professor
BA, University of British Columbia, FCA,
Ontario and British Columbia

J Y PILLAY, Adjunct Professor
BSc (1st Class Hons), Imperial College of
Science & Technology, University of London

TAN Kong Yam, Director, Asia
Competitiveness Institute & Adjunct
Professor Ph.D., Stanford University

TAN Yong Soon, Adjunct Professor
BA(Hons) and MA, University of Cambridge
University, MBA, National University of
Singapore and MPA, Harvard University.

Dr Mary Astrid S. TUMINEZ, Adjunct
Professor, Regional Director, Legal and
Corporate Affairs in Southeast Asia,
Microsoft
Ph.D. (Political Science), Massachusetts
Institute of Technology and Master (Soviet
Studies), Harvard University

WONG Poh Kam, Adjunct Professor
Ph.D. (Regional Planning), Massachusetts
Institute of Technology

Aline WONG, Adjunct Professor
Honorary Doctorate, Wheelock College,
Boston, MA, Ph.D. (Sociology), University
of California, Berkeley, BA (Economics and
Political Science), University of Hong Kong

Stavros YIANNIOUKA, Adjunct Professor,
MBA (Distinction), London Business School,
LLB (Hons), University of Bristol

George YEO, Visiting Scholar, Former
Minister of Foreign Affairs, Singapore

Geoffrey YU, Adjunct Professor, Senior
Specialist Advisor in the Ministry of Foreign
Affairs and Ministry of Law, Singapore

ABOUT THE

LEE KUAN YEW SCHOOL OF PUBLIC POLICY

VISION

The School of Choice for Public Policy Education, Research, and Leadership in Asia

MISSION

Educate and Inspire current and future generations of leaders to raise the standards of governance in Asia, Improve the lives of its people and contribute to the Transformation of the region

LKY SCHOOL CAMPUS

Since its launch in August 2004, the LKY School has grown remarkably. Today, it is widely regarded as Asia's premier public policy school, where outstanding scholars, public officials and students from all over the world gather to study, research and exchange ideas on how Asian countries can be better governed through more effective policymaking and implementation.

The LKY School aims to educate and train globally-minded policymakers from the public and private sectors, who will help transform Asia in the 21st century by raising the standards of governance in their respective countries.

TRAINING FACILITIES

RESEARCH

LKY School's research centres have become magnets for leading academics. The Asia Competitiveness Institute studies ways to boost the region's competitiveness, while the Centre on Asia and Globalisation examines the impact of globalisation on Asia and Asia's role in global governance. Singapore's own policies are the focus at the Institute of Policy Studies, while comparative water management, conservation and use are central themes at the Institute of Water Policy.

"The School is an integral part of Asia – it knows its customs, its needs, its leaders. At the same time, it can be called among the best of the West – through its relations with universities with similar missions and comparable challenges, and through a network of faculty contacts. And now, it is adequately financed in a city that can attract the talented and ambitious – and now so incidentally is recognised as cleanly and effectively administered."

Paul Volcker,
Former US Federal Reserve Chairman

"The programme has provided insights on how and why Singapore's socio-economic and political landscapes have changed, and tools and suggestions on how best to design or evaluate policies. On a personal level, I am more acutely aware of the challenges Singapore would face if policies are not tailored properly, or problems fail to be anticipated in time."

Ms Yah Shze Min
Ministry of Trade and Industry
Contemporary Policy Debates in
Singapore Programme

"The programme has given me so much insight into organisational transformation and government policy formulation that I cannot wait to go back and implement them."

Mr Godfrey Mudanga
Chief Executive Officer
Water Utilities Corporation, Botswana
Senior Management Programme

"The course provided good insights to the wide range of issues and needs of senior management and concretised the core competencies required."

Ms Brenda Khong
Senior Social Worker
Sembawang Family Service Centre
Non-Profit Management for the 21st
Century Programme

"The frank exchange of views and perspectives from international participants has doubtlessly contributed to an overall rich and enjoyable learning experience."

Ms Iris Seet
Divisional Director,
Curriculum & Educational Development
Institute of Technical Education,
Singapore
Senior Management Programme
