PANEL DISCUSSION

SCALING WATER REUSE: ENABLING CLIMATE AND WATER RESILIENCE

Water reuse is increasingly considered in the context of climate resilience and long-term water security, but scaling remains a challenge. This panel brings together diverse perspectives to discuss the policies, financing, institutional capacity and partnerships needed to move from successful pilots towards wider implementation.

17 Nov 2026
(Tuesday)

4.45pm – 6.00pm

Singapore Pavilion
(Blue Zone) – Booth A210
