

YOUNG SINGAPOREANS CONFERENCE 2026: FUTURE MAKERS

Saturday, 12 September 2026

Friday, 18 September 2026

Wednesday, 14 October 2026

CONCEPT

Young Singaporeans Conference 2026 (YSC 2026) themed “Future Makers”, will focus on Singapore’s declining total fertility rate (TFR). This year’s YSC aims to understand young Singaporeans’ perspectives on having children, and to serve as a catalyst for young Singaporean thought leaders to collectively address the challenges contributing to Singapore’s low TFR. The conference takes a deliberate focus on building social capital by connecting diverse groups of young Singaporeans with policymakers and experts. The conference also seeks to harness youth collective intelligence by appointing Youth Leaders to guide group discussions and shape ideas on specific topic domains with fellow youth.

These five domains will be explored during the conference and will be used to guide participant groupings:

1. Relationships and Romance
2. Housing, Setting Up Home of Own
3. Career and Personal Aspirations
4. Caregiving and other Family Duties
5. Positive Parenting Experiences

FORMAT

YSC 2026 comprises three key components: a Pre-Conference Engagement for Youth Leaders, an online Information Session, and the main Conference for all participants.

Day One, the **Pre-Conference Engagement**, will be held on **Saturday, 12 September 2026** for Youth Leaders only, and will comprise guided policy deliberations and a dialogue session with the Guest-of-Honour, Ms Goh Hanyan, Senior Parliamentary Secretary for the Ministry of Culture, Community and Youth and the Ministry of Sustainability and the Environment.

All participants are required to attend an **online Information Session** on **Friday, 18 September 2026**. During this session, IPS Resource Persons will clarify participants’ roles and responsibilities, and provide an opportunity for groups to meet and interact.

From 18 September to 14 October 2026, all participants will work together on a policy brief, led by the Youth Leaders and mentored by IPS Resource Persons.

Day Two, the **main Conference**, will be held for all participants on **Wednesday, 14 October 2026**, and will feature panel discussions, group discussions, group presentations, and a dialogue session with the Guest-of-Honour, Ms Jasmin Lau, Acting Minister for Manpower and Senior Minister of State, Ministry of Digital Development and Information.

After the Conference, participants will be given until Friday, 30 October 2026 to refine and finalise their policy briefs.

PROGRAMME

SATURDAY, 12 SEPTEMBER 2026

Pre-Conference Engagement

Eu Tong Sen Conference Room (Level 1)
Eu Tong Sen Building
National University of Singapore
(Bukit Timah Campus)

9.30 am – 10.00 am	Registration <i>(Light refreshments will be served.)</i>
--------------------	--

10.00 am – 10.45 am	Introduction
---------------------	---------------------

10.45 am – 12.30 pm	World Cafe
---------------------	-------------------

This activity allows Youth Leaders to quickly understand all five domains and build on one another's perspectives. They will surface what is working well, what is not working well, and what questions remain. The perspectives shared in World Cafe will be synthesised and used to guide development of the lines of inquiry.

1.30 pm – 5.30 pm

Developing Lines of Inquiry

(Light refreshments will be served from 3.30 pm – 4.30 pm.)

How can we systematically think about policy solutions and whole-of-society efforts to address a specific issue? Two frameworks will be introduced: the Needs & Assets map, and the How Might We statement. These frameworks will guide thinking on the needs that exist, assets that meet these needs, and practical policy recommendations. Youth Leaders will thus gain a better appreciation of government and whole-of-society efforts to address the issues related to these five domains, while providing thoughtful perspectives on remaining gaps.

Youth Leaders will appraise information across the five key domains contributing to the low total fertility rate, surface areas of concern, and develop targeted lines of inquiry to eventually be brought forward to the Main Conference.
