

2ND TF-LKYSPP SOUTHEAST ASIA NEXT-GEN LEADERS PROGRAMME

May - July 2025

Programme Overview

PROGRAMME OVERVIEW

2ND TF-LKYSPP SOUTHEAST ASIA NEXT-GEN LEADERS PROGRAMME

The 2nd TF-LKYSPP Southeast Asia Next-Gen Leaders Programme seeks to bring together the next generation of leaders and changemakers from Singapore and the region who are eager to play an active role in thinking about and shaping tomorrow. The Programme will leverage the diversity of background, perspectives, and experience in their respective fields to collaborate, complement each other, and derive fresh insights into the future. It will also present opportunities for these next generation leaders to engage in meaningful dialogues and build a strategic network to envision and influence how their countries and the region would evolve in the future.

In partnership with Temasek Foundation, this Programme is envisaged as a capability building, knowledge exchange, and networking platform for next generation leaders and changemakers to jointly think about tomorrow, anticipate global challenges, and explore recommendations to make an impact to society.

PROGRAMME OBJECTIVES

This Programme aims to:

- Equip participants with futures thinking and foresight methodology, and empower them to apply these skillsets and exercise their creativity to re-imagine and shape future of their countries and the Southeast Asia region;
- Provide participants with the opportunity to engage with distinguished thought leaders from public and private sectors in Singapore and the Southeast Asia region to gain insights and new perspectives on global issues and trends;
- Create space for and facilitate meaningful dialogues between counterparts from the region to enhance mutual understanding; and
- Establish a strategic network for next generation leaders from Singapore and the Southeast Asia region to nurture an Alumni Community.
